Rhythm Round

Music
Year 7

Project Outline

We will explore how Rhythmic Notation works. We will learn how to write down rhythms that we hear and how to create our own rhythms. We will create a 4 bar rhythm and perform it as a round

Key vocabulary and definitions

- Rhythm- a pattern of long and short notes
- Bars- groups of beats
- Round - where the same music is played over itself after a number of bars

Tea

Coffee

Rest

Lemonade

Orangina

Assessment Criteria

- Choice of Timbres- do all of the instruments stand out from one another?
- Steady Tempo- is there a beat which remains constant throughout the performance ?
- Appropriate Rhythms- have the rhythms been written specifically for the instrument, think DURATION.
- 1 Bar Gaps- in the performance are these correct at the beginning *and* the end?
- Confidence- has the performance been properly rehearsed?
